EXPERIENCE

Marion Ag Service INC

Horticultural Sales Consultant

St. Paul, Oregon

July 2022 – October 2026

- Advised customers on the ecological and economical use of agrochemistry and fertilizer, to increase crop yield and provide customer satisfaction
- Facilitated the sale of goods to over 70 customer accounts, primarily working with ornamental nursery stock, small fruit, and vineyard customers, resulting in increased sales over 90 percent from 2024 to 2025 YTD
- Generated over \$2.26M in sales revenue, 2025 YTD
- Provided in-field services including soil sampling and crop scouting, to provide data backed product recommendations to ensure application success
- Supported on-farm controlled release fertilizer research trials, to help Marion Ag Service transition all controlled release fertilizer users from Harrell's Polyon to Pursell's PurKote
- Assisted with product forecasting to ensure customer product demand and expectations were met.
- Educated dozens of end users on pesticide usage regulations and best practices to mitigate various risks including; environmental, legal, and human health issues

LEADERSHIP & INVOLVEMENT

Inter-Faith Treasure House

Warehouse Volunteer

Washougal, Washington

March 2026 – July 2026

- Ran food from warehouse into the food bank distribution area to ensure a steady supply for those in need
- Collected monetary donations monthly at six collection boxes spread throughout the Camas-Washougal area to assist funding for food bank purchases
- Streamlined warehouse organization by improving tool and internal supply organization to improve efficiency

Oregon Department of Agriculture Fertilizer Research Committee

Industry Member

Salem, Oregon

June 2025– November 2025

- Appointed to the ODA Fertilizer Research Committee to provide industry expertise, helping shape research initiatives through collaboration with state researchers and industry leaders

Oregon Association of Nurseries NexGen Group

Treasurer

Wilsonville, Oregon

February 2024– February 2026

- Oversaw ~\$1,650 annual budget, utilizing less than 50 percent, due to arranging ten plus event sponsors
- Collaborated with five-member officer team to plan six events annually with an average attendance of 25, increasing young person engagement within the Oregon Association of Nurseries and the wider industry.
