## EDUCATION

**Texas A&M University, Mays Business School**  
*Master of Business Administration*

College Station, TX  
August 2027

**Texas A&M University, College of Engineering**  
*Bachelor of Electrical Engineering*

College Station, TX  
December 2025

## EXPERIENCE

**Walmart**

Bryan, TX

*Stocking I*

June 2026 – July 2026

- Maintained product availability by stocking merchandise and replenishing inventory in a retail environment carrying over 120,000 unique products
- Relocated approximately 25 pallets of inventory daily to clear backroom space and prepare for incoming truck deliveries, streamlining the unloading process for the other stocking team
- Operated forklifts to safely transport and manage over 400 pallets while preserving inventory accessibility

*Remodel Associate*

March 2026 – June 2026

- Executed large-scale store remodeling across all 99 departments in 14 weeks by dismantling, relocating, and installing fixtures, shelving, and displays while meeting project timelines
- Coordinated the organization and placement of remodel materials across ten storage containers ensuring the timely completion of store layout modifications
- Installed hundreds of navigational signs across entire store to assist customers with locating products

**Texas A&M University**

College Station, TX

*University Subcontractor, Pantex Plant*

May 2024 – December 2025

- Analyzed and summarized 47 engineering project proposals to assist with evaluation and prioritization, including in-depth research on select projects spanning safety, efficiency, and new plant capabilities
- Developed a flow diagram and white paper summarizing findings from select project research, providing R&D manager with documentation to support decision making
- Began developing an HTML-based web form to standardize project proposal submissions, aiming to reduce formatting errors and follow-up communication with submitters

## LEADERSHIP & INVOLVEMENT

**Progressively Reaching Excellence in Professionalism (PREP)**

College Station, TX

*Committee of Internal Affairs (CIA)*

September 2022 – May 2024

- Prepared and delivered weekly email updates and presentations to keep 50+ members informed about upcoming events and organizational deadlines
- Partnered with committee to plan and execute professional development events and organizational functions

**Engineers Serving the Community (ESC)**

College Station, TX

*Sam Houston National Forest Project Member & Social Committee Member*

August 2022 – May 2024

- Collaborated with 13 volunteers on a five-hour bridge project and repaired a trail gate with a three-person team in two hours at Sam Houston National Forest
- Organized social events within the organization to strengthen member engagement
