PROFESSIONAL EXPERIENCE

Weatherford International

Logistics Intern

Houston, Texas

June 2026 – August 2026

- Documented end-to-end warehouse operations at the Western Hemisphere Distribution Center to support transition to a third-party logistics provider, ensuring continuity of critical processes during handoff
- Conducted interviews with warehouse team leads and on-site observations across all facets of warehouse operations, translating findings into process maps and work instructions used to onboard the third-party logistics team
- Automated a manual data reporting system using Power Automate, cutting reporting time from approximately 30 minutes to 5 seconds
- Built a Power BI dashboard for the data analytics team, improving data quality and streamlining reporting

Gulf States Toyota

Fixed Operations Intern

Houston, Texas

May 2025 – August 2025

- Developed and launched a Video MPI implementation strategy across GST's dealer network, improving service process consistency and customer communication at the point of sale
- Built a KPI dashboard in Power BI to track service performance trends, enabling the field team to prioritize underperforming dealerships for adoption efforts
- Authored best practice guides and led on-site dealership visits and technician interviews, standardizing Video MPI execution that shaped a scalable, long-term training framework

Way Companies

Sales & Marketing Intern

Houston, Texas

May 2022 – August 2022

- Generated new business leads for a commercial HVAC supply and service company through inside and outside cold calling, targeting churches and schools for repair work and long-term service contracts
- Supported the VP of Sales and executive leadership on special projects, gaining direct exposure to sales strategy and business operations at the leadership level

Academic Projects

Senior Design Capstone Project

Team Member, Simply Smart Industrial

College Station, Texas

August 2025 – May 2026

- Developed automated MTR/CoC documentation system using Power Automate that reduced order processing time from 15 minutes to 5 minutes, freeing up 18% of the workday to allow employees to allocate more time on driving business development
