## EXPERIENCE

### Keurig Dr Pepper

*Maintenance Mechanic*

Houston, TX

Jan 2026 – July 2026

- Managed the planning and execution of \$1.5M+ in major capital projects and equipment overhauls, without additional unplanned downtime.
- Championed the maintenance apprenticeship program to develop internal talent by evaluating applicants, creating training plans, and tracking trainee progress with quarterly reports to senior leadership.
- Secured emergency corporate funding following a major gas line failure that shut down plant operations, enabling critical repairs and minimizing production downtime.

### Keurig Dr Pepper

*TPM, Digitalization, EHS Internships*

Irving, Frisco, & Houston, TX

July 2023–Dec 2023, June 2024–Aug 2024, May 2025–Aug 2025

- Enhanced flavor change process consistency focused on quality improvement, resulting in savings of over 20,000 cases annually.
- Designed and developed interactive Power BI dashboards integrated with Power automate to streamline reporting processes, reducing manual data updates and saving employees over 200 hours per year.
- Conducted Financial Analysis for over \$3,000,000 of Capital Projects, presenting results to senior leadership in stage gate process.

### Mercedes-Benz U.S. International

*Quality Engineering Intern*

Vance, AL

May 2022 – Aug 2022

- Identified and addressed production system issues contributing to warranty claims and customer complaints, implementing corrective actions that eliminated recurrence of the reported issue.
- Created a Power BI dashboard to view all warranty claims and allow the ability to drill down, enabling quick visibility to top issues.

## LEADERSHIP & INVOLVEMENT

### Texas A&M 12<sup>th</sup> Man Garage

*Vice President*

College Station, TX

Aug 2022 – Aug 2023

- Facilitated the completion of a multi-year project restoring a classic mustang.
- Initiated and collaborated with a team to restructure the program to better prepare students for Formula SAE teams.

### Fast Lane Auto

Founder

Tuscaloosa, AL

Feb 2018 - Aug 2021

- Acquisition, restoration, and sale of salvaged vehicles totaling over \$250,000 in sales.
- Built a profitable vehicle salvage business while successfully balancing academics, athletics, and college preparation.
